

About Us

We are David and Sophie, your friendly photographers! We've been together nearly a decade and we make the perfect partnership in life, and in work. Our understanding and communication means we work seamlessly together. We understand the moments that mean the most to a couple during their wedding, and having us both present allows us to cover multiple angles ensuring nothing is missed.

We have had the pleasure of working with so many wonderful couples over the last few years. We feel such genuine joy from capturing the special memories created during weddings.

Our Philosophy

First and foremost, everyone is welcome here. We love to photograph couples of all genders, races and beliefs. Our goal is to capture the beauty in the raw moments of your special day and deliver a stunning visual record of your day that you can treasure forever more.

PHOTOGRAPHY

In the day

We are firm believers in being unobtrusive during your wedding. The only posed shots we will do are any that you request. During the group shots we may offer gentle direction to ensure the best results. If you've chosen a photography package, you will get both us taking photos to cover all angles and details of your day. If you've chosen a package that has both photo and video, one of us will photograph and the other will capture the video. The benefit of choosing us for both is that we know how each other work and where to stand to enable the other one to get the best shots!

Booking Process

06. The big day

We will arrive at the agreed location in a timely manner, and capture the best day of your lives!

07. Final delivery

Please allow up to 6 weeks for us to fully edit your photos (and create your highlight video, if applicable) and build your personal online gallery.

FAQs

01. Where are you based?

We are based in Bristol and primarily cover the Bristol, Bath, Somerset and Gloucestershire areas, but are happy to travel! We want to make sure it is an affordable and easy experience for you both so we're more than happy to create and discuss a customised quote before locking you in, should you fall outside these areas.

02. Can we pick our song for the highlight video?

No, sorry! We use licensed music for our films which means we can legally post them online. We find the best music to fit the overall mood and feel of the day. This is part of the creative control you give us when you book.

03. Do we need to feed you?

Yes please, if you've booked us for a full day! We will have been on our feet a long time carry equipment. Your venue will offer vendor meals. All we ask is that you let your vendor know we will need to eat at the same time as the bridal party and guests. This allows us to rehydrate without missing any action.

Secure your date!

We hope this has been a helpful guide, and we would love to work with you. Contact us now if you have any further questions, or if you'd like to secure a booking.

Engagement shoots

An engagement shoot is a great way for us to get to know each other. We can be as creative as we want, spend a little more time taking each image, choose great locations and there is no pressure. Plus, we always have a great time!

Engagement shoots are included in some of our packages or are also available as an optional extra.
